R U CERTIFIED?

CPR & First-Aid 2021

Do you have the lifesaving CPR and First-Aid skills needed to help co-workers or customers in an emergency situation?

- Learn to be prepared for emergencies, prevent injuries, and respond calmly and effectively when emergencies strike
- First time certifications and renewals welcome
- Attendees will receive both certifications in one day

Check your cards - certifications expire every two years.

According to OSHA Code of Federal Regulations 1926.50 (c), persons having a valid First-Aid Certification must be available at all job sites. Additionally, OSHA has promulgated a standard to eliminate or minimize exposure to blood borne pathogens and requires exposure control plans, input from employees and possibly establishment and maintenance of logs.
